NEW NISSAN NAVARA NP300 TJM OUTBACK BAR

The popular TJM Outback bar now sporting bigger 63mm^ø tubing will be available when the new Nissan Navara NP300 hits showrooms across Australia, sporting bigger 63mm^ø tubing which we think complements the car nicely. TJM engineers have put this bar through its paces utilising a comprehensive design criteria and testing process. This ensures that all TJM bull bars are air bag compatible and ADR compliant.

Features of a Outback (T13) style type

- › NEW 63mm^ø tubing
- › Steel construction
- › Lower wing and centre guards
- › Full cato straps, uniquely styled to the vehicle for incredible strength and damage deflection
- › Designed for improved approach angle
- › Integrated L.E.D. fog lights (fog lights, wiring harness & switches included)
- › Flush mounted L.E.D. indicator/park lenses
- › Re-inforced recovery jack points (suits the TJM recovery jack)
- › Recovery points rated to 8000KG in a straight line pull only when used with a 8000KG equaliser strap and 2 x 4.75T bow shackles
- › Integrated winch mount (TJM recommends fitment up to TJM 9,500lb cable and plasma winches)
- › Accommodates large driving lights (up to Britax Xray Vision 220 series)
- › Provision for fitment of dual aerials
- › Airbag compatible and ADR compliant
- › Does not void your new vehicle warranty

Note. TJM steel bull bars come powder coated black. Britax driving lights, winch and fairlead not included.
